Thanks to all of our participants for making this event a success!

"Seqirus depends on partnerships like Bionetwork. Their career events connect us with skilled, knowledgeable candidates for immediate placement within our organization."

~Seqirus

"This was a great platform to connect with local college students and potential Pfizer colleagues. The event provided a forum to discuss Pfizer's mission and the career opportunities available in Sanford, NC. We look forward to the next event."

~Pfizer

"The Biotechnology Virtual Career Fair was a great opportunity for Thermo Fisher Scientific to connect with local talent that's interested in working not only in our area, but in our specific industry!"

~ThermoFisher Scientific

"My experience with your event is extremely positive. We received nine candidates for direct hire as a result of the event and we will be contacting every student who submitted a resume."

~Merck
